Project Abstract

Box 1 – General Abstract

- Please use the abstract guidelines you used for the federal report (Section 2.A)

Box 2 – Description of Professional Development Model

- Please use the professional development model guidelines you used for the federal report (Section 5.C)

Box 3 – Description of RESA Role

Each grant is required to have a formal partnership with 2 or more RESAs. Please use this space to describe the role the RESAs played in your grant during this program year.

Box 4 – Description of work with Montana STEM Initiative

The RFP for this grant cycle named 5 goals. Goal 4 is to support and interact with the Montana Science, Technology, Engineering, and Mathematics (STEM) Initiative. Please describe specifically how you have met, or worked towards meeting, this goal.

Box 5 – Description of use of Montana Common Core Standards and/or a K-12 Framework for Science Education

Goal 1 from the RFP asks that you focus your work around either the *K-12 Framework for Science Education* or the *Montana Common Core Standards for Mathematics*. Please describe your use of one or both of these.

Box 6 – Description of Evaluation Plan

The Federal APR report has several sections and pages for your evaluation plan. Please use this box to summarize your evaluation plan. Be sure to include:

- Type of evaluator
- Evaluation design type
- Teacher assessment measures used (including content knowledge, teacher practice, other teacher measures)
- Student assessment measures used

The federal report has several questions that have 1000 word limits and an opportunity to upload documents. It also asks that you upload any evaluation report covering the time period of this reporting cycle. Please upload these documents on the Results tab of the State Report. For each statement or document please label it with the Sec#_#_Supplement using the section number and letter from the federal report.

If you have issues with the transition from word count to character count please email cdewald@mt.gov and we can work out a solution to give you enough space for your answer.
